

学会発表 (国際学会)

1. Furue M. Special Lecture: Recent research advances and the diagnostic standard of Yusho in Japan, The 2011 Taiwan–Japan Conference on Oil Disease Health Care, 2011/4/29, Taiwan
2. Furue M. Invited Lecture: Requisites for itch questionnaires from Japanese experience, 6th World Congress of Itch, 2011/9/4, Brest, France
3. Furue M. Invited Lecture: Onsen (hot spring baths) and skin health. Japan–France Seminar, Water for Beauty and Health, 2011/10/6, French Embassy, Tokyo
4. Furue M. Special Lecture at: Surface barrier and aryl hydrocarbon receptor - how to manipulate oxidative stress - , Dermatology Summit in The 145th anniversary of Wuhan Union Hospital, 2011/10/31, Wuhan, China
5. Moroi Y, Dugu L, Xie L, Takahara M, Furue M, Oda Y. Aberrant Expression of Tenascin-C, Neuronatin and Cathepsin K is a useful maker for distinguishing Malignant Peripheral Nerve Tumors from Neurofibromas. 22nd World Congress of Dermatology, 2011/5/24–29, Seoul, Korea
6. Moroi Y, Xie L, Takahara M, Furue M. Cathepsin K-upregulation in fibroblasts promotes matrigel invasive ability of squamous cell carcinoma cells via tumor-derived IL-1 α . 22nd World Congress of Dermatology, 2011/5/24–29, Seoul, Korea
7. Takahara M, Tsuji G, Furue M. Symposium : Immunomodulation by tobacco smoking: A possible mechanism exacerbating skin diseases. 22nd World Congress of Dermatology, 2011/5/28, Seoul, Korea
8. Takahara M, Yan X, Moroi Y, Furue M. Poster: Cathepsin K expression in skin tumors. 22nd World Congress of Dermatology, 2011/5/28, Seoul, Korea
9. Takeuchi S, Oba J, Furue M. An internet web-based questionnaire survey on pruritus of patients with atopic dermatitis in daily life. 6th World Congress on Itch. 2011/9/4–6, Oceanopolis (Brest, France)
10. Tsuji G, Takahara M, Uchi H, Takeuchi S, Yasukawa F, Moroi Y, Furue M. Aryl hydrocarbon receptor modulates keratinocyte differentiation by SIRT1 expression. SID 71st Annual Meeting 2011/5/4–7, Phoenix, USA
11. Tsuji G, Takahara M, Matsuda T, Takei K, Moroi Y, Furue M. Rapid detection of *Sporothrix schenckii* by using a loop-mediated isothermal amplification (LAMP) assay. 22nd World Congress of Dermatology. 2011/5/24–29, Seoul, Korea
12. Tsuji G, Takahara M, Matsuda T, Uchi H, Takeuchi S, Mitoma C, Moroi Y, Furue M. Ketoconazole activates nuclear factor-erythroid 2-related factor-2 (Nrf2) via aryl hydrocarbon receptor signaling pathway: A possible mechanism of

anti-inflammatory effect. 22nd World Congress of Dermatology. 2011/5/24-29, Seoul, Korea

13. Ito T, Takagi S, Ohyama T, Eto A, Sakai K, Yamazumi K, Tajiri T, Onozawa H, Ohjimi H. CT angiography imaging for free flap breast reconstruction: Usefulness in preoperative planning. The 21st Japan-China Joint Congress on Plastic Surgery, 2011/11/2-4, Fukuoka, Japan
14. Kido M, Buddenkotte J, Kempkes C, Seeliger S, Cevikbas F, Bhergava A, Furue M, Steinhoff M. Molecular mechanisms of itch signaling: ECE-1 mediates endothelin-1-induced pruritus by controlling receptor recycling and ERK1/2 signaling in sensory neurons. The Society for Investigative Dermatology 71th Annual Meeting, 2011/5/4-7, Arizona, USA
15. Esaki H, Takeuchi S, Nakahara M, Furue M. Evaluation of anti-pruritic effects of phosphatidylinositol 3-kinase inhibitor in NC/Nga atopy model mice. 2011/12/9-11, Kyoto, Japan
